

XM3

Zija's XM3 Energy Drink elevates your mood and boosts your energy level without the aid of harsh stimulants or artificial ingredients. It's also packed with Moringa's vitamins, minerals, vital proteins, antioxidants, omega oils and other benefits. Drink XM3 before exercise to fuel your game and keep you at your peak.

While many of us train in sports and other exercise activities on a regular basis, we are often unable to reach our full athletic potential because our body is not being fueled efficiently.

The foods and beverages that enter our body are the basis for all metabolic reactions that occur, including coordinating breathing with the dilation of the trachea, converting glucose into cellular ATP that the muscles can utilize for power, and improving impulsive responses in the brain for accurate reflex reaction.

With modern diet deficiencies, these important metabolic reactions are often not able to function at full capacity; this in turn limits our performance on the field, the court, at the gym, or wherever we choose to be active.

Zija's XM3 was formulated as a ready-to-consume beverage that provides energy, along with the nutritional powerhouse Moringa oleifera, to deliver the key compounds essential for the body to more effectively reach its potential.

XM3 Energy Drink delivers maximum benefits with the help of the following natural ingredients:

Ginseng

This botanical has shown tremendous potential for increasing cognitive and reflexive performance.

Desert Tea

Desert tea is a natural botanical that effectively allows our trachea to dilate, thus increasing oxygen input—especially during physical activity.

Green Tea Extract

Provides antioxidant properties that protect muscles from damage during times of increased muscular stress, allowing for increased physical endurance.

XM3 Suggested Use

Drink one serving (2 fl. oz.) of XM3 Energy Drink on an empty stomach or at least 15 minutes prior to a healthy meal. XM3 is ideal to consume before exercise. Shake well before drinking. Best when chilled. Refrigerate after opening. Do not consume more than 8 ounces per day. Consuming late in the day may impair sleep.

NUTRITION FACTS

Serving Size: 2 fl. oz. (60mL)
Servings Per Container: 2

Amount Per Serving	% Daily Value	
Total Calories	10	
Total Fat	0	0%
Sodium	1mg	0%
Total Carbohydrates	2g	1%
Sugars	2g	
Protein	0	

Not a significant source of calories from Saturated Fat, Trans Fat, Cholesterol, Dietary Fiber, Vitamins A or C, Calcium or Iron.
