

SMARTMIX

Shake things up with Zija's SmartMix. Add this easy-to-open packet to water for a dose of Moringa nutrition and prebiotic benefits. It's easier than ever to Drink Life In—even on the go!

With the evolution of the modern diet, it has become more and more difficult to consume the nutrients that we need to thrive. Our body is full of toxins and our digestion has been affected by an overabundance of processed foods and beverages. Our health is dependent not only on the nutrition that we consume overall, but also on the amount that our gut flora receives. This flora is comprised of many different microbes, each with its own unique environment, depending on what it is exposed to. Our flora is critical in strengthening our immune system, digesting foods efficiently, increasing nutrient absorption, maintaining a healthy weight, and obtaining increased energy levels.

Prebiotics are an important tool in helping regulate our body's flora. Supplementing a diet with prebiotics has been shown to increase the level of certain microbes, which in turn regulates metabolism and allows for better communication between different organs. The end result is enhanced system-wide health.

In addition to its strong Moringa foundation, SmartMix also delivers prebiotics and other benefits through the following natural botanicals:

Chicory Root Extract

Derived from the herbaceous chicory plant, chicory root contains inulin, a prebiotic that stimulates healthy digestive function. Chicory root also provides a feeling of fullness without adding extra calories. Similar to Moringa itself, chicory root helps maintain blood sugar levels.

FoTi Root Extract

This botanical has been used for thousands of years in Chinese medicine to increase vitality and mood. It also helps remove toxins from the body. Additionally, FoTi root is often used in hair and skin beauty products.

SmartMix Suggested Use

Add one serving (1 packet) of SmartMix to 8-18 ounces of cold water, shake well, and Drink Life In every day.
