

XMburn™

TURN UP THE HEAT!

These advanced thermogenic caps combine natural herbs, including Moringa oleifera, with cutting-edge scientific expertise in a convenient daily capsule. XMburn works to temporarily increase metabolism, suppress appetite, and help you make smarter food choices to lose unwanted pounds and maintain a healthier weight.

When we consume calories, our body has two options: (1) Burn those calories into energy; (2) Convert those calories into fatty acids that are stored in our adipose cells as fat.

Because of the sedentary lifestyle that many of us live, our metabolism is low. This means that our body decides to store a higher percentage of consumed calories as fat rather than burning them. Although an individual may be eating very few calories, those calories are still prone to be stored rather than burned, resulting in an increased weight and body fat percentage.

NATURAL COMPOUNDS

Zija's formulation team has identified certain natural compounds that provide metabolic benefits immediately and more effectively. These isomers are the mirror image of molecules that are much more rare, but that are often easily recognized by an individual's cellular receptors. This scientific breakthrough has allowed Zija's XMburn to become a new market leader in weight management capsules.

EPIGALLOCATECHIN GALLATE

Another major component of XMburn is an extract enriched with catechins, specifically the catechin Epigallocatechin gallate, or ECGC. Catechins are extremely powerful antioxidants that have been shown, when effectively combined with other natural ingredients, to help individuals better reach their weight loss and management goals.

FOR BEST RESULTS

While XMburn has been shown to increase metabolism, this increase is temporary and is best achieved with an overall increase in basal metabolic rate. Coupling XMburn with strenuous exercise will help individuals achieve a more effective and permanent increased metabolism.

SUPPLEMENT FACTS

Serving Size: 1 Capsule

Amount Per Serving		% Daily Value
Niacin (Vitamin B3)	15mg	75%
Pyridoxine HCl (Vitamin B6)	2mg	100%
Methylcobalamin (Vitamin B12)	6µg	100%
Chromium	120µg	100%
Proprietary Blend	201mg	*
Green Tea Extract (60% ECGC), Moringa oleifera Blend (Leaf Powder, Seed Cake, Fruit Powder)		
Natural Caffeine	110mg	*

Percent Daily Value is based on a 2,000 calorie diet *Daily Value not established

INGREDIENTS: Proprietary Blend, 4-Amino-2Methylpentane Citrate (Pouchong Tea), Natural Caffeine, Higenamine, Niacin (Vitamin B3), Silica, Rauwolfscine, Pyridoxine HCl (Vitamin B6), Stearic Acid, Chromium Polynicotinate, Methylcobalamin (Vitamin B12), Gelatin (Kosher) Capsule.

SUGGESTED USE: Adults take one (1) capsule, preferably before exercise, on an empty stomach. Consuming late in the day may impair sleep. Do not take more than two (2) capsules per day.

WARNING: Do not consume more than 2 capsules per day. Not intended for use by persons 17 years or younger without the supervision of a health professional and parent / guardian. Not for use by persons who are pregnant or nursing, caffeine-sensitive, suffer from heart disease, high blood pressure, difficulty urinating, psychiatric condition, depression, recurrent headaches, a medical condition or are taking MAO inhibitor or ADHD drugs. Do not consume with alcohol, cold medicine / drugs containing Pseudoephedrine, Ephedrine, PPA or other caffeine-containing products. Consumption contrary to warning may cause adverse health effects. If unpleasant effects occur, discontinue use.
